PRESS RELEASE **October 20, 2015**

The Warren County Drug Task Force has concluded an investigation into the conveyance of illegal drugs into the Madison Correctional Institution in London, Ohio.

Arrangements were made with two subjects to meet in Wilmington, Ohio with an undercover officer on 10/19/15. The reason for the meeting was to provide the two subjects with ½ ounce of heroin that would be taken into the prison for the sum of \$500. One of the subjects, Connie Tackett, is employed as a cook inside the prison, and she had been making illegal drug deliveries during the course of her employment.

Once the exchange occurred in Wilmington, both subjects were arrested with the assistance of the Wilmington Police Department. The couple had also brought their 15 year old daughter to the drug transaction. Arrested and charged are the following:

Douglas Osborne, M 49YOA, 1902 Edwards Ave., Springfield, Ohio
Connie S. Tackett, F 42 YOA, 1902 Edwards Ave, Springfield, Ohio

Both charged with Trafficking in Drugs- Prepare/Ship/Transport F-1

Special thanks to investigators from the Madison Correctional Institution, Ohio Department of Rehabilitation and Corrections (ODRC), and the Ohio State Highway Patrol.

Commander John Burke
